

Please reject NAB peition 04-160.
I have a car with XM radio. Do not try to limit the content for goodness sake.

Hey sports radio (local) is worth listening to on it's own. I don't listen to traffic. I look on the web before I leave the office.

IT IS LUDICROUS TO BLOCK LOCAL CONTENT.

Isn't this obvious.

I support and subscribe to satelllite radio!
